This table includes data from OTCO, WSDA, GOA, ICS, CCOF and QAI for all years; Global Culture data became available beginning 2008. Values include reported double crop acres for 2009 (0 ac); 2008 (581 ac); 2007 (260 ac); 2006 (332ac); 2005 (763ac). Rounding errors may be present. Table does not include data from Stellar Certification Services, CA Crop Improvement Assoc., Guaranteed Organic Certification Agency, or the Organic Crop Improvement Assoc. In 2008, the number of Oregon farms certified by these entities was estimated at 18. Eight of these 18 farms were reported at 394 total acres (SCS).

The table includes data for crop and livestock producers from OTCO, WSDA, GOA, ICS, CCOF and QAI for all years; Global Culture data became available beginning in 2008. Some farms have land in more than one county; farms have been counted only once. Table does not include data from Stellar Certification Services, CA Crop Improvement Assoc., Guaranteed Organic Certification Agency, or the Organic Crop Improvement Assoc. For 2008 this was estimated at 18 farms. Eight of these farms were reported at 394 total acres, no crop information. Table includes estimated double crop acres for2009 (0 acres); 2008 (581 ac); 2007 (260 ac); 2006 (332ac); 2005 (763ac). Totals may be off slightly from decimal rounding.

**Klamath Co. farm number (434) does not include 3 additional certified organic operations that harvest lake algae only. Lake algae area (5,400 ac) was not included in county acre (37,244) total.*

The table includes data for crop and livestock producers from OTCO, WSDA, GOA, ICS, CCOF and QAI for all years; Global Culture data became available beginning in 2008. Some farms have land in more than one county; farms have been counted only once, in home county. Table does not include data from Stellar Certification Services, CA Crop Improvement Assoc., Guaranteed Organic Certification Agency, or the Organic Crop Improvement Assoc. For 2008 this was estimated at 18 farms.

**These Klamath Co. farm numbers do not include certified operations that harvest lake algae only.*

The table includes data for crop and livestock producers from OTCO, WSDA, GOA, ICS, CCOF and QAI for all years; Global Culture data became available beginning in 2008. Table does not include data from Stellar Certification Services, CA Crop Improvement Assoc., Guaranteed Organic Certification Agency, or the Organic Crop Improvement Assoc. For 2008 this was estimated at 18 farms. Eight of these farms were reported at 394 total acres, no crop information. Table includes estimated double crop acres for2009 (0 acres); 2008 (581 ac); 2007 (260 ac); 2006 (332ac); 2005 (763ac). Totals may be off slightly from decimal rounding.

**Klamath Co. acre values do not include certified lake algae area.*
