

Bi-monthly magazine production deadline & publication schedule

The bi-monthly publication schedule of IGT is very counter-intuitive, yet quite simple.

The magazine prints six times a year, with the deadline falling on odd numbered months.

On deadline months, articles and content submission is due on the **10th**, while classified ads, display ads and calendar announcements are due on the **20th**.

IGT generally prints on the 20th of the month prior to the date on the masthead. For example Aug 20 for the Sept/Oct issue.
