Please submit all Chilean Transaction Certificate requests and concerns to export@tilth.org or call 503.378.0690.

Overview

A Chilean Transaction certificate is required to accompany a shipment of organic goods to Chile. This certificate is issued by the certifying agency of the final manufacturer or exporter within the United States.

Timeline and Fees

Transaction certificate requests are processed following three different timelines.

- Standard requests are processed in the order they are received, generally within 5 business days of receipt of a completed request and are \$60.00 USD per certificate.
- Expedited requests are processed by the end of the following business day after receipt of completed request and are \$125.00 USD per certificate.
- Same day expedited requests are processed by the end of the same business day that a completed request is received and are \$200.00 USD per certificate. Requests must be submitted to export@tilth.org by 12:00pm PST to qualify for same day expedited processing.

All requests (including revisions) will be processed as standard unless expedited or same day expedited processing is explicitly mentioned within the initial request email.

Revision requests, for corrections to already authorized certificates, are \$25.00 USD per certificate and follow the same timelines. Expedited revisions are \$150.00 USD per certificate and same day expedited revisions are \$225.00 certificate.

Processing timelines begin when a completed request is received and will be extended if request templates are not accurate or complete. Please review all information carefully prior to submitting the template back to OTCO for processing, as this will be the final document.

Completing and submitting the Chilean Transaction Certificate

Please complete the OTCO Chilean Transaction Certificate Request form. This form is an editable .docx template or can be printed out and completed by hand. Fill out this form completely; incomplete request forms will be returned.

THIS FORM WILL BE THE FINAL EXPORT DOCUMENT. Therefore, it is preferable to key in the information. If completing by hand, please print clearly in block letters so that information is easily legible.

- Supporting documents are not required, however corrections will be treated and billed as separate requests so please be accurate and check work prior to submission.
- If there isn't enough space for all the included products on a single template, continue the request on a new form, completing only the product information on the additional form(s). Within the initial request
